

Walk Our World Scavenger Hunt

2015

Let's get walking and count those steps! What do you see and discover while you're out and about getting in those steps? Let's go on a scavenger hunt and post our pictures to Instagram. Grab a friend or relative (with a camera, of course) and get outdoors!

How To Play

1. Find as many items from the scavenger hunt list and take a picture of each one using your phone or camera.
2. Include a sign in each picture that says "*Walk Our World 2015.*" You can use any sign you choose. Make your own fancy sign or just write it on a receipt, napkin, business card, piece of paper, etc.
3. Upload your pictures to Instagram using the hashtag #walkourworld2015.
4. Sign it. Make sure you also include your username as a hashtag as well. For example, #teachergal02
5. Label the picture you upload. Example: "state flower"

RULES (If there were any...)

1. Make sure all pictures are "classroom appropriate." You wouldn't be embarrassed to show them to your teacher and friends.
2. Make sure to include a sign that says "WALK OUR WORLD 2015"
3. Try to not have more than two items on one picture.
4. Last day to upload pictures is May 8th, 2015 (Last day of event)
5. In the event you do not have access to a smart phone or computer, feel free to participate and just cross items off the list as you find them. It's still just as much fun!

Scavenger Hunt Item List: Walk Our World 2015
